

BBQ Special Committee Activity Reports (2017FY)

Activity Reports

BBQ special committee has been meeting regularly since the authorization of the committee at the first PTA meeting in May. All 80 members of the PTA have been committing themselves to making the venue a great success.

Despite the rain caused by the approaching typhoon, we sold all 2600 servings of hamburgers and currywurst, which was 200 more servings than the previous year, and all 525 drinks that we prepared as well.

We believe that the safety measures that we took, enforcing hygiene management and allergy checks have largely contributed to the success of the Backyard BBQ.
