

June 1st, 2025

Dear PTA Members,

Welcome to the PTA website of Tokyo Metropolitan Kokusai High School!! I'm Toru Hiroishi, the PTA President for 2025.

Our PTA was established on June 17, 1989, the same year as our school's foundation and celebrated its 36th anniversary last year.

Since its establishment, our PTA has been actively supporting school events and activities, such as cooperating in international exchange activities, assisting international students, providing information through newsletters and website, hosting cultural events and so on. This is in line with the school's educational goal of "fostering students to acquire a global perspective who respect others while thinking and acting independently."

The students in this school have the spirit of independence and self-reliance in their studies and school affairs, and they always do their best with all their strength. To encourage our students, this PTA is carrying out various activities with the goal of "assisting the development of quality of school education as well as the improvement of its members' education and mutual friendship."

Since 2020, school events had been greatly restricted due to the COVID-19 pandemic. However, two years ago, we resumed the FFF (Foreign Food Fair), which showcases delicious cuisines from various countries as we did before the pandemic. And last year, we were able to resume food and beverage service at the Oyo Festival. This year, we hope to revive activities that were possible before the pandemic, adapting them to the current times in new and appropriate ways.

I wish parents to strengthen their friendships by participating in committee meetings and our events, and to enhance their understanding of our school's education. I also hope that this website and the communications from our PTA would be some useful tools for parents to support many aspects of school education, even if they are unable to directly participate in PTA activities for various reasons.

We, the board members of our PTA, are dedicated to helping you enjoy a fulfilling 'Kokusai-life,' just as much as the students do, at your own comfortable pace.

Best regards,

Toru Hiroishi

President
